Hi Carly. I'm sorry, ~~parents~~ come can't come and hang out with you. It's just that my parents take me on hiking with them! I was refusing but they insist, so I have to come with them because that was only one way of making them leave me alone and do their business. You know them, they trying to be my friends but they do terrible job. Try to entertain me with all ways they can and other nonsense they're suggesting and pulling me into. So I'm sorry again that I can't go with you. What about we go somewhere after one week? For example, I know cool cafe next to our school, they have something strange like french fries with apple sauce and something like that! But those are delicious! I've tried all these with my parents before, so I guess, we'll have a good time there!

Everyone has friends and likes spending time with them. Either do I. I have three best friends and we always spend time together fun and memorable.

We have common feature with my friends, we like watching horror movies. So we sometimes visit places with the same theme. I'm going to tell you about unusual place. As I remember, it called "Terrifying cinema". Cinema take place in Astana, I don't know address. It's looks like usual building outside. But inside it feels like you are in horror movie. Then we can choose movie that we would like to watch. One day we choosed "Terrifying", it's movie about scary clown. While we watched film, we saw screamers, heroes from movie and hear scary ndises. By the way, you can choose location there: mystery house or car in scary forest. The other day director added new location.

I think it's good way if you want to try new feelings and watch movie in unusual atmosphere. My friends agree with me. I advice you to visit it you like watching horrors like we do.
